Counselor & Advisor Resource Hub

Welcome to our Resource Hub, where we unite to support you in improving postsecondary outcomes for your students. We aim to make higher education more accessible by bridging information and opportunity gaps with free resources for counselors and advisors serving in high schools and community-based organizations. This Hub includes some content from **EAB**, Appily's parent company. EAB partners with more than 2,600 institutions serving students from kindergarten through college to provide comprehensive thought leadership in areas such as access and equity, enrollment, and student success.

Let's Talk: Pre-College Programs

Helping Students Discover What's Possible

College Based Learning Experiences

Short-term programs hosted by colleges & universities
Introducing students to real college-level learning

Built for High School Students

Programs designed for 9 – 12 graders
Wide range of student interests and experiences

Exploration with Purpose

Programs can center skill-building, confidence, and exposure
Specialized interests that students can discover

Why Pre-College Programs Matter to Students

1

Early Exposure

Campus life, campus settings.
Hands-on learning: STEM, creative arts, research

2

Build Skills

Personal confidence and identity.
Confidence in academic, athletic, fine arts, or other interests.

3

Explore New Environments

Building community with peers in similar interests.
Practice living and learning away from home

4

Informed Experiences

Leadership development, college readiness, and more.
Self-advocacy or independence.

College Fly-In Programs and Free Visit Opportunities

College Application Checklist

National Scholarships

Application and financial aid deadlines for **pre-college programs** vary a lot. So, staying organized and making a plan is critical for securing a spot in a free or well-funded program! Visit the websites below to find more information about course options, program eligibility, start and end dates, program costs, financial aid criteria, required materials, housing, additional activities, and more.

These programs typically run for a week or more, provide rigorous academic opportunities, expose students to college life, and establish a larger network of like-minded college-going peers. The cost of attending (or applying to) a program, should never outweigh the benefits – and **you should never go into debt to participate in a program!**
