# Virtual Tours Designed With Accessibility In Mind

In accordance with WCAG 2.0, we've built a conforming alternate version of our virtual experiences. This version captures the same information and supports the same functionality as the original experience but delivers it in a meaningful way to users that require accessibility.

KEYBOARD ACCESSIBILITY

Use the **Tab key** to prompt the accessible version and be brought directly into the conforming alternate version.

All links and controls on your web page can be accessed using the Tab key.

FROM THE EXPERIENCE

The conforming alternate version can be accessed **from within each experience** on desktop and mobile:

1	2	3
Keyboard (Desktop) → Press "Alt + A" (on a PC) Or "Option + A" (on a Mac)	**Icon Viewer (Desktop)** → Press the icon on the bottom right	**Menu (Mobile)** → Press the ☰ menu on top left and locate:
